

Dear Friends and Neighbors,

I am pleased to be releasing campaign financial information here on my website and ahead of the deadline so voters can have as much information as possible. I encourage other candidates to do the same.

Let me add how grateful I am to the many people who contributed to this campaign both financially and otherwise. This outpouring of support is both a joy and an inspiration. The contributors listed here represent a broad spectrum of our community and their motivations, expressed in so many letters and e-mails, are simple: we need open and accountable government and should work together to strengthen our neighborhoods and our schools.

Listed among my contributors are many people whom I admire for their community service and dedication to open, accountable government, such as Bee DeSelm, Nancy Stewart, Steve Drevik, and others. I am pleased to have the support of our commissioner in seat 2A, Mark Harmon. In less than 18 months on commission, Mark has established himself as a straight-talking advocate for open government and neighborhood-friendly choices. Should we both serve on county commission, he has agreed to my suggestion of a monthly public forum where we talk over items on the commission agenda and where any member of the community can participate. These would be held at a convenient time and location and may even include an online component for even easier public participation. Mark and I don't agree on everything and neither one of us is an automatic vote for the other. What we share, however, is a deeply held belief in open and accountable service to our community and an ability to work together for the common good.

I am just as pleased with who is *not* on my list of contributors. You will not find "special interests" or other power brokers that are always funding the status quo. Instead you will find educators, health care workers, senior citizens, students, community volunteers, businesspeople, librarians, and artists. Over 250 people contributed to this campaign and over 215 of them gave \$100 or less. Over 70 of them reside in the Second District. This campaign is powered by friends, family, and those who want to see change in our government!

Come join us!

All the best,
Amy Broyles
